

Big Red Dot™

What am I doing with my life right now? (NOT WHY, just WHAT)

What is my current reach?

Whom do I influence?

What are my stats? (age, income, family size, etc...)

What words define me (always AND this year)?

What contribution/impact am I making on the world or my community right now?

Who am I? Who would others say I am? Who would God say I am?

Where am I right now (current status, standing, and situation)?
