

Lighthouse Statement™

What do I want?

What do I do next as the ideal version of myself?

Where am I going? What is my destination?

What does my life look like in 5 to 10 years?

What is my BHAG?

What words do I want to define me?

Who do I want to be? Who does God want me to be?

What contribution/impact on the world do I want to be my legacy?

Start with a lead-in sentence (summary, easy to remember, symbolic of the whole π Dest).

Lighthouse Statement™

Will anyone who reads it be able to visualize it?

Does it have a beginning and an end?

Do you know when you expect to arrive?

Will you know when you get there?
